Composition sales. Bills of supply typed row after row: invoice date, party and bill value, no tax. Demo data, party names hidden.

What Bharat Single Entry Composition does

Composition sales

Sales entered fast without tax, as the composition scheme needs.

Purchases with tax rate

Purchase entry keeps the item's GST rate, so your records stay right.

Cash / bank single entry

Receipts and payments row after row with discount and narration; F2 saves all.

Bill-by-bill adjustment

Pending bills of the party to adjust, oldest first.

Composition purchase. Supplier bill no., party and value per GST rate; the tax stays in the cost as composition needs. Demo data, names hidden.

More features

Excel friendly

Paste from Excel, blank format download, import and check.

Cash / bank entry. Receipts and payments on one grid with discount, cheque no. and narration. Demo data, party names hidden.

How it works

1
